### FREE-TO-GUEST TECHNOLOGY

Will allow viewing of HD FTG secured Pro:Idiom encrypted content from Pro:Idiom licensed Cable or Satellite providers.

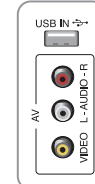

### DIGITAL RIGHTS MANAGEMENT SYSTEM

The Pro:Idiom systems high-quality security unlocks access to premium content availability to help insure rapid, broad deployment of HDTV and other high value digital content. Pro:Idiom has been designed specifically for industries that use premium HDTV content from cable, satellite or video on demand (VOD) services and as such, could result in lower costs, and reduced maintenance. This system is one of the leading DRM systems embraced by content providers for all of these key programming sources. By using this embedded approach, security is provided and helps eliminate the possibility of customers tampering with or removing needed components.
